

Hesperidin

Production Method

High-quality citrus peels are extracted via ethanol or water extraction, then purified and concentrated.

Component

Hesperidin extract primarily contains hesperidin, diosmin, and flavonoids.

Function

Antioxidant properties

Weight management

Anti-inflammatory

Cardiovascular health

Specification

Appearance: Yellow to White powder

Solubility: Insoluble in Water

Content: 90% HPLC

Advantages

High hesperidin purity; Multiple flavonoid specifications; Customizable solubility profiles.

Packaging&Storage

Each paper drum contains 25kg of the product, which is Packed in sealed aluminum foil bags with plastic lining or sealed double plastic bags. Please store in cool and dry places.

Application

Nutraceuticals

Cosmetics
