

# Stevia Extract

## Production Method

High-quality stevia leaves undergo ethanol or water extraction, followed by purification and concentration

## Component

Stevia extract primarily contains steviol glycosides (e.g., rebaudioside A, stevioside), flavonoids, and chlorogenic acid

## Function

Natural sweetening  
Antioxidant activity

Blood sugar regulation  
Dental health support

## Specification

Appearance: White Powder

Solubility: Water Soluble

Content: 95% Stevioside

## Advantages

Zero-calorie sweetening; Customizable glycoside ratios; Thermal stability in formulations

## Packaging&Storage

Each paper drum contains 25kg of the product, which is Packed in sealed aluminum foil bags with plastic lining or sealed double plastic bags. Please store in cool and dry places.

## Application

Diabetic-Friendly Products

Food & Beverage
